INTRODUCTION

This publication includes timetable information on both public transport services within Shetland and external links to/from Shetland to Orkney, mainland Scotland and Scandinavia by air and ferry services.

Whilst every effort has been taken to ensure the information contained in this publication is accurate at time of printing, timetable changes may occur during the year. We recommend you confirm all details with individual transport providers.

Bus Services within Shetland are provided by the Zetland Transport Partnership and are operated by a number of different local bus operators.

Inter-Island Ferry Services are provided by Shetland Islands Council's own fleet of Ro-Ro ferries (outer isles by smaller vessels). Ferry Service to Foula is operated by Atlantic Ferries Ltd.

Inter-Island Air Services are provided by Shetland Islands Council and operated under contract by Directflight Limited.
